For **Mastercard Business Credit** cardholders, issued by UniCredit Bulbank

Airport Fast Track

Every Mastercard premium and business card user can also take advantage of the **Airport Fast Track** service, a digital solution that allows cardholders to go through airport security quickly and without waiting in line at over 70 airports around the world.

Terms of use of the Airport Fast Track service:

- ✓ The service is used through the Mastercard Travel Experience application, which customers can download from the App Store or Google Play and in which it is necessary to register their card;
- ✓ Select an airport, number of passengers and time the customer will arrive. The fee will be charged to the registered card, and it varies from 3.5 euros to 17 euros, depending on the selected airport;
- ✓ In the application or by email, the customer receives his Fast Track Pass;
- ✓ Upon arrival at the airport, the customer can directly go to the fast lane of the terminal, showing his Fast Track Pass to the staff.

IMPORTANT! We would like to remind you that the free Fast Track service is temporarily unavailable at Sofia Airport, Terminal 2, due to the ongoing renovation works.

PRIORITY PASS DIGITAL

Access to lounges worldwide

What does Priority Pass Digital offer according to the type of card? Access to guest lounges and dining offers.

Through the service you get a certain number of free access (for the cardholder +2 companion, free of charge), depending on the card you use, to selected business lounges at 1500+ airports in 600 cities in 148 countries.

Accompanying persons can enter with the cardholder, and if the number of free visits is exceeded, the price is 28 EUR.

How is it used? Through Mastercard Business Credit itself

What do you need to do?

- ✓ You do not need to make a request before traveling but you can check, if there is a Priority Pass lounge at the airport.
- ✓ Present your Mastercard Business Credit at the lounge entrance and gain access.

The service is available for the following types of cards:

- ✓ Mastercard Platinum - **up to 4 free access per year**, for the cardholder (without the right to an additional companion)
- ✓ Mastercard Business World Debit - **up to 4 free access per year**, for the cardholder +2 companion, free of charge
- ✓ Mastercard Business Credit - **up to 2 free access per year**, for the cardholder + 2 companion, free of charge

GLOBAL DATA ROAMING OT FLEXIROAM

What is Global Data Roaming? Free roaming via e-SIM on your mobile phone.

How is it used? With the Flexiroam mobile app available in the App store you use.

What do you use with Global Data Roaming and which maps have this capability? 1GB free roaming within 5 consecutive days when travelling abroad;

What are the steps to activate Global Data Roaming? The service is activated in 2 easy steps:

1. Register with your premium card on the Flexiroam Redemption website, as follows:

   1. Fill in the first 8 digits of the card and your email address;

   2. You receive an activation code and a link to the Flexiroam mobile application.

2. Install and create an account in the Flexiroam mobile app, as follows:

   1. In the "Enter a Code" field, you enter the activation code;

   2. Confirm the relevant roaming plan

The service is available for the following types of cards:

- ✓ Mastercard Platinum - **1GB free roaming within 5 consecutive days when traveling abroad;**
