The Bank processes your personal data for the purposes of carrying out a banking activity and in managing the relationships with clients and customers before and/or during the term of effect of concluded banking agreements. If you apply for a credit product, the Bank will have to process your personal data in order to evaluate your creditworthiness. Also, if you have provided your consent, your personal data will be processed for direct marketing purposes by analysing information about your preferences and consumer habits and by promoting the products and services offered by the Bank. It is possible that your personal data may be processed to survey your customer satisfaction and improve the customer service, unless you object to it. Information that constitutes personal data is also processed in order to control the activities of outsourcing service providers, for security and safety protection as well as to prevent fraud. UniCredit Bulbank AD is obliged by law to process your personal data for the purposes of anti-money laundering and combating terrorist financing. The Bank is obliged under the Measures Against Money Laundering Act (MAMLA) to identify the person carrying out the transaction, i.e. to process personal data from the identity document, including when the person is not its client. Such processing includes also fulfillment of the legal obligation to check and make a copy of the identity document, and such operations can be executed with the help of technical means permitted by the law. The data shall be processed and stored for the period and purpose established in the MAMLA. In addition, the Bank is required to process your personal data when you act as a representative or a beneficial owner of a legal entity that is a client of the Bank. Your personal data will be processed exclusively for the purposes, for which they have been collected.

The Bank processes personal data in case there is at least one of the following reasons for processing: when you provide your consent; when you want to enter into or have already entered into an agreement with the Bank; for compliance with a legal obligation; for the purposes of the legitimate interests of UniCredit Bulbank AD. If you fail to provide your personal data, the Bank will not be able to provide the requested service.

When it is stipulated by law or in your agreement, UniCredit Bulbank AD can disclose personal data to different **categories of recipients** as follows:

Usually, UniCredit Bulbank AD **does not transfer personal data to third countries** or international organizations. If, however, this is necessary, the provisions under the General Data Protection Regulation shall be observed. Such transfer shall be done, for instance when it is required for entering into and execution of an agreement between you and the Bank. One such instance is when you need to do a money transfer abroad. You can use the phone numbers or the contact form of the Bank (those are available on our website) to obtain information about the applicable safeguards for personal data protection and the conditions of the transfer.

UniCredit Bulbank AD processes your personal data in accordance with the **retention periods** set in the applicable legislation and by the supervisory authorities. Personal data with no explicit legally defined retention period shall be erased after the purpose for which it was collected and processed has been achieved.

For certain categories of credit products (for instance, those with a pre-approved limit), you may be subject to an automated decision making process, which includes profiling while assessing your creditworthiness. This type of decision-making is necessary in order to conclude the agreement. To that end, various checks are carried out in databases of the Bank and the country's official registers, which lead to the decision based on pre-defined criteria. It is possible that you may receive an offer for such type of product if you have previously given your consent for processing of personal your data for the purposes of direct marketing. It is entirely up to you to decide whether to accept the offer or not.

We hereby inform you that you have the right to request access to, rectification, erasure or restriction of the processing of your personal data as well as the right to data portability under the General Data Protection Regulation. You can object to processing based on a legitimate interest. When you have provided your consent for a specific purpose, you can withdraw it at any time, without affecting the lawfulness of the processing before the consent was withdrawn.
